## Part 1

Spend some time exploring the chapel. If you feel comfortable, fly up to the dome and look down to get a better sense of the space and its footprint. Then work in teams of 4 to answer the following questions.

- 1. How does the building relate to you? Is the scale proportional to your body? Describe how or how not.
- 2. What geometric forms do you see in the space? How are they related to one another?
- 3. What architectural forms can you identify in the decoration? Can you recognize elements of classical architecture in the space? Use your marker to circle them.
- 4. How is Brunelleschi using pietra serena (gray) stone in the space?
- 5. What does the architecture tell us about the function of the space?

Part 2: Sketch one wall of the architecture	
Tare 2. Sketch one wan of the architecture	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building	
Part 3: Sketch a plan of the building
